**It is written for me
Inspired by Your love
All the words I read
Your love reaches out to me
Every page I see
Through the ages
It's Your word
Your love letter to me**

**It's Your hopes
Your dreams what You want for me
If I'll open my eyes
And begin to realize
Then I'll see Your love
Your heart inside Your word
Your love letter to me**

**Not the least stroke of the pen
Or the ink upon each page
Will ever fade away
Your love letter to me**

**It's Your vow to Your bride
What You feel inside
If my life I will give
For only You I will live
Then forever we'll be
Like the pages that I see
In Your love letter to me**
